2007-11-15 06:17 (New York)

Shanghai fuel oil futures rebound on stronger crude

Shanghai. November 15. INTERFAX-CHINA - Fuel oil futures rebounded on the Shanghai Futures Exchange (SHFE) on Thursday following stronger crude oil prices overnight. Market expectations for a fall in weekly U.S. oil inventories pushed up the international price of crude oil overnight, and Shanghai fuel oil futures simply followed the trend. Shanghai fuel oil prices have been quite volatile in recent days, so investors are suggested to take short- positions only, analyst Huang Chao, with Nanyue Futures, said.
